The Parks.

The Aberdeen Energy & Innovation Parks are established, attractive business parks situated in the Bridge of Don area to the north of Aberdeen City Centre marking the southern gateway to Energetica, Scotland's 30 mile energy corridor from Aberdeen to Peterhead.

With excellent access to the city and Dyce airport, which is less than 5 miles north west, the Parks are superb locations for both new or well established companies seeking to locate their operation in a successful business environment alongside the likes of Weatherford, Baker Hughes, SAIC, Absoft, WIPRO UK, Imenco UK Limited, and Rockwell Automation.

Realise your vision.

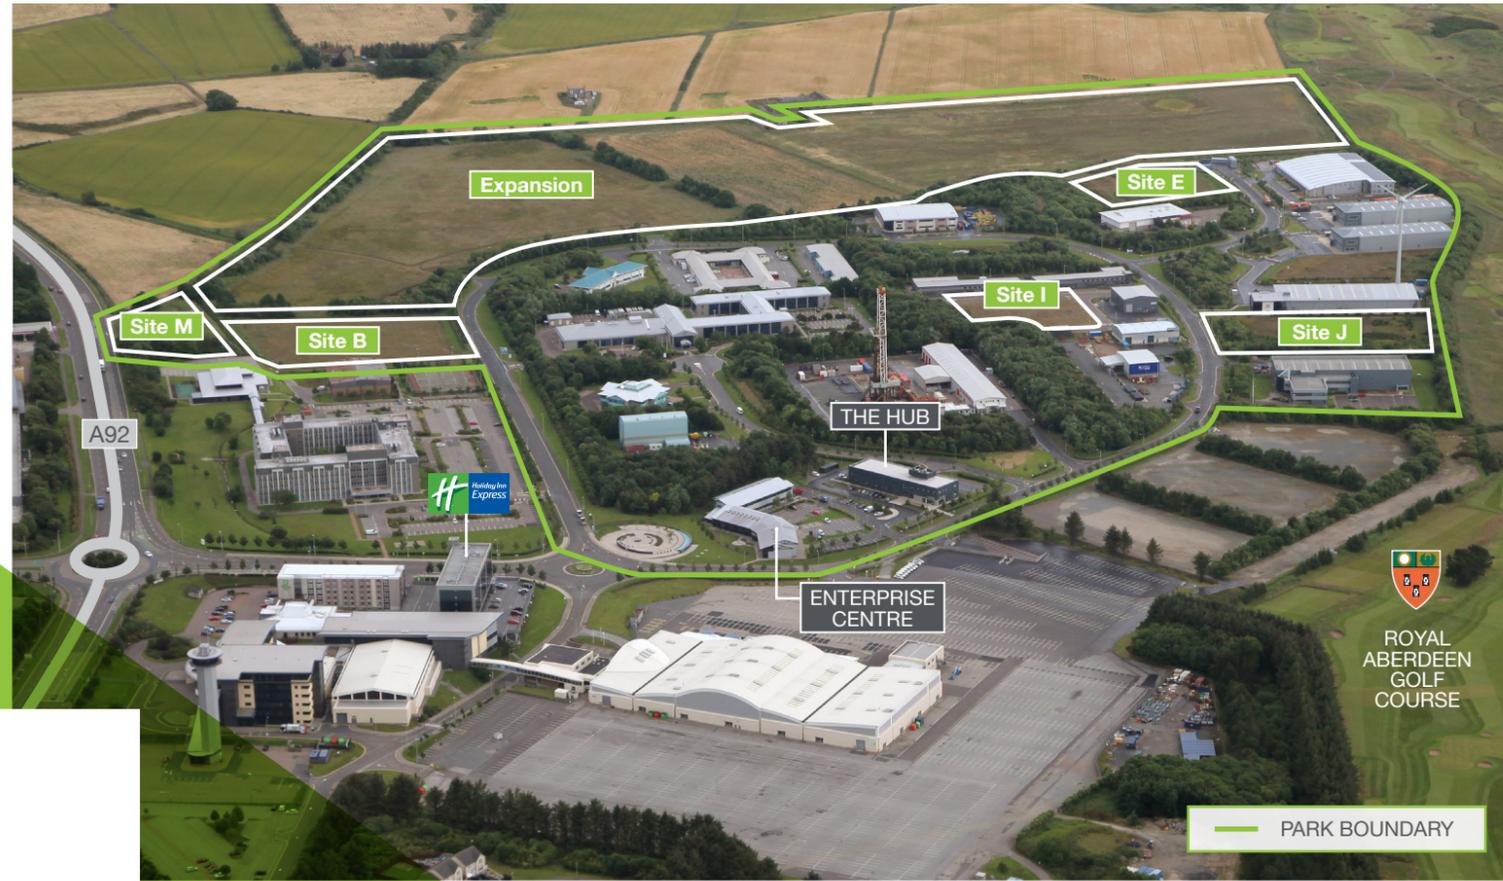

The Parks are designed to provide the ultimate flexibility in accommodation type and services, all set within beautiful locations – one in a mature, lush parkland setting and the other in a scenic coastal setting overlooking the North Sea.

At Aberdeen Energy & Innovation Parks we've created environments that people love, where it's possible to achieve that all important work-life balance – environments where companies can now create their own bespoke building.

Joint venture.

Buccmoor LP, a joint venture between Buccleuch Property and Moorfield Real Estate III, own 55 acres of development land across both the Innovation and Energy Parks and can deliver 'turnkey solutions' to occupiers on both a lease and purchase basis.

Choose from these outstanding sites.

Development site areas

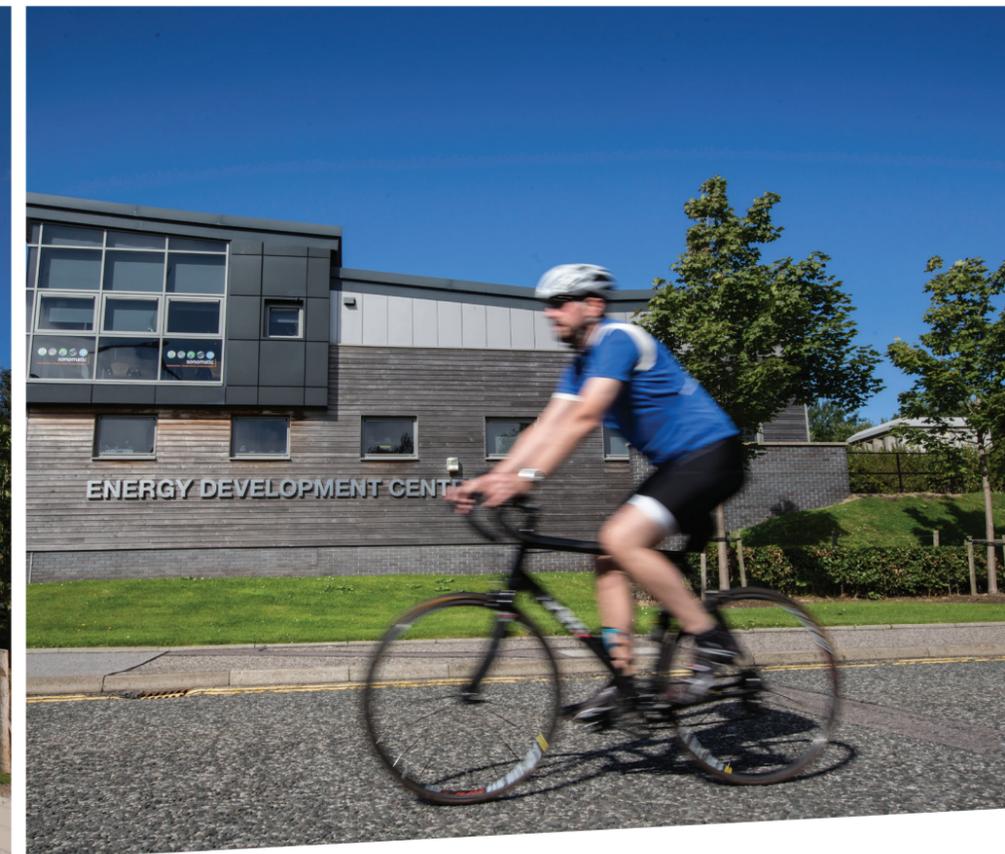

Site B	2.38 acres	0.96 ha
